Blossom Home Care's Statement of Purpose

Aim's and Objectives of Blossom Home Care

Our ethos is to provide **"Bloomin" good care** to the residents of **Leicester** and beyond in their own homes.

Owned and operated by **Regina and Funsho Samson**, **Regina has many years of experience working in the care industry, while Funsho has many years of experience in a management role**, they became part of the Blossom Home Care Franchising Ltd family in **December 2022**.

Blossom Home Care was established by John and Fiona Leggott after they realized that there was a gap in the market for a service provider offering quality care to elderly people who wanted to remain in their own homes. As a qualified registered nurse, Fiona worked as a community staff nurse, and constantly witnessed the devastation failing, low-cost home care was having on people and their families.

Unfortunately, care has become a cost driven industry. Local Government are driving down the cost of care in order to achieve budgets with the result that staff and services are under pressure to deliver. We believe that the vast majority of failed care is due to this downward pressure on costs. At Blossom Home care we don't believe this is right, especially as peoples' lives are at stake!

So as John (Franchisor) likes to say "if it ain't right, its wrong"

This is why we have decided to take a totally fresh approach to home care for the elderly.

- We will not compromise care for cost.
- We will deliver the highest standard of care from the very best staff and management team.
- We will step away from local government contracts.
- We will help create an environment where the elderly people in our care can continue to feel they can blossom and thrive.
- We will only work with people who understand the importance of And want 'just **"Bloomin" good care**' delivered in a true, honest and high quality way.
